**Agency Description**

Philadelphia Parks & Recreation (PPR) advances the prosperity of the city and the progress of her people through intentional and sustained stewardship of over 10,200 acres of public land and waterways as well as through hundreds of safe, stimulating recreation, environmental, and cultural centers. PPR promotes the well-being and growth of the City’s residents by connecting them to the natural world around them, to each other, and to fun, physical, and social opportunities. **Position Summary**

A program of Philadelphia Parks & Recreation (PPR) and Fairmount Park Conservancy, sponsored by TD Bank, TreePhilly promotes Philadelphia’s urban forest and provides residents with the resources they need to plant and care for trees in their own yards and in public spaces. Since 2012, TreePhilly has distributed over 21,500 free yard trees to Philadelphia residents through the Yard Tree Giveaway Program. TreePhilly also offers public programs like volunteer tree planting and care events, and communicates about PPR’s urban forestry work by managing online website content and social media channels, coordinating city-wide marketing campaigns through the City of Arborly Love brand, and bringing together urban forestry stakeholders across the city and region.
In the next few years, PPR plans to expand the scope of the TreePhilly Program. The program will continue to offer free trees for residential lands, but will also expand efforts to plant trees on park land, engage residents in the planting and maintenance of Philadelphia’s public forested lands, expand the TreeKeepers workforce development program and encourage street tree planting in the areas where residents are the most vulnerable to heat and other stressors.

The Program Specialist will oversee all operational aspects and staff of the Yard Tree Giveaway program, other public programs and marketing efforts related to those programs. The position requires an energetic, self-motivated and organized person who can work independently as well as collaboratively with the rest of the TreePhilly team. The ideal candidate will have a flexible schedule that includes early mornings, evening and weekend work, both in and out of the office.
