

Community Yard Tree Giveaway Grant Application Fall 2016

TreePhilly's Community Yard Tree Giveaway program empowers community groups to help restore Philly's urban forest – starting in their own back yards! Through this program, we provide small grants to local community groups so they can host their own yard tree giveaways each spring and fall. We do what we do best – provide the trees, mulch, and education – and community groups do what they do best – connect with constituents to improve their neighborhoods!

This season we are offering five grants worth 50 or 100 trees plus \$500 to community groups and local businesses to host yard tree giveaways in their neighborhoods. Tree giveaway events must be held in Philadelphia, and trees must also be planted in Philadelphia on private property (not in the sidewalk or in containers). For information on previous events, check out treephilly.org. For photos, check out our Flickr page at flickr.com/treephilly.

Grants Provide:

- \$500 grant upon successful completion of event*
- 50 or 100 yard trees in 5 gallon containers (applicants should indicate preference)
- Mulch and paper bags for participants
- Tree and mulch delivery to giveaway location
- Event planning support
- Training workshop for organizers
- Educational materials and tree tags
- A TreePhilly staff member at the event to provide planting demonstration and event support

*Only not-for-profit organizations are eligible to receive the \$500 award.
